

OUR COMMITMENT TO YOU

At Avis, the health and safety of our customers and employees comes first, so we've taken innovative measures to get people back to work and on the road.

Counters regularly cleaned and disinfected

EPA-approved products used before and after car rental

Contactless exit*

A Strategic Partnership With Lysol®

We went straight to the experts at Lysol, the number one disinfectant brand* in the United States, for support. Their scientists and germ-fighting experts give us advice on our disinfection protocols.

*based on Nielsen \$ Share Last 52 Weeks W/E 06/06/20

An Exclusive Medical Advisory Council

We've assembled the ABG Medical Advisory Council, a team of senior medical professionals from Columbia University, Johns Hopkins University and New York University with expertise in public health, COVID-19, and other infectious diseases.

Enhanced Employee Safety Training

We are adapting our standards to the current environment in partnership with Hip Hop Public Health, a nonprofit that's helping us design employee safety training that improves our safety practices.
